Hi Julie,

I hope you are well. I am contacting you about our upcoming government-to-government consultation on 5 April. We are starting to prepare for this meeting and would like to know if the attached agenda is still good. We would like to request your consideration to schedule our meeting to be first on the overall meeting agenda, if possible, to allow some on our team to travel back to Portland in time for childcare commitments. I've also attached a file with all of the attendees from our previous planning effort. Please update the list of attendees from Yakama Nation so we have a current list of who will be there. The list includes USEPA and USACE attendees, but this information has not been updated yet by our agencies. We will provide you a current list of attendees as soon as we have one. I look forward to working with you and having a successful meeting with Yakama Nation.

Thanks,

Chris Budai

Project Manager
